MANY ARE INTERESTED IN BREWERY CASE I FOR CHRISTMAS DAY

STOCKHOLDERS BRING SUIT AGAINST GEORGE SCHORR FOR AN ACCOUNTING

SOME DAMAGE SUITS STARTED

This Is Last Day of Service for the January Term of Circuit

The fact that today is the last day for service in cases which are to be tried at the coming term of the Lee county circuit court caused attorneys to get busy yesterday afternoon and today and a large number of cases were started. The list of cases begun included a number of appeals from justice courts, several trespass cases and a suit brought by stockholders of the old Dixon Brewery company against Manager George Schorr, asking for an accounting of the business of the institution.

The Brewery Case.

The brewery case promises to b an interesting one, inasmuch as all of the old stockholders have united in the suit. Their case will be handled by Brooks & Brooks, Philip Bentz, Christian Oehlers, Edward Erbes, Wm. Erbes, Jacob Wolf, Geo. Stephenitch, Martin Theiss, Herman Schimmer, Jacob Mayer and Catherine Stephenitch being named as plain tiffs and the Dixon Brewing company, George Schorr and J. Schorr, the defendants.

The plaintiffs' allegations are contained in the bill filed with Circuit Clerk McMahan and are substantially as follows: That Sept. 12, 1905, the Dixon Brewing company was organized and incorporated with capital stock of \$50,000, shares of \$100 value each, the several plaintiffs holding shares as follows: Erbes 15; Paul Reis, 5; Martin Theiss, 3;

NORTHWESTERN TRAIN MAKES NEW RECORD FOR THE 138 MILES.

BETTER THAN MILE A MINUTE

Presumed Trip Was a Test in Anticipation of Bid ofr the Mail

Contract.

A new speed record for the Galena division was hung up by a Northwestern train crew this morning, when they pulled a special train of four steel coaches from Chicago to Clinton, a distance of 138 miles, in 136 minutes. The time is the fastest ever made by a Northwestern train for that distance and is not surpassed by any railroad in the country, as far as can be ascertained.

The running time of the train was less than a mile a minute and a stop was made at Nelson for coal and water, the stop taking about two minutes, reducing the running time to about 134 minutes for the 138

INSPECTOR ABOLISHED

Five Chicago Police Officials Will Be Reduced.

Doing Away with the Office of Inspector the Result of the Present Graft Investigation.

Chicago, Dec. 22.—The city council's finance committee voted unanimously to abolish the position of police inspector on Jan. 1, the end of the city's fiscal year. The action was approved by Mayor Harrison and is expected to meet the approval of the council.

The action of the administration is taken as a direct effort to put an end to possibilities of graft as exposed in the current investigation of the police department.

The five inspectors now not under fire are to be reduced to the rank of captain, increasing the number to twenty-four, and allowing one captain to each of the important precincts. Incidentally, instead of getting the \$3,800 salary which they had hoped for, against their present \$2,800 a year. they will be reduced to \$2,250.

The inspectors who are to be reduced to captains are O'Brien, Hunt Clancy, Lavin and Healy.

held in West Brooklyn Dec. 13, 14 and 15, has passed into history as the cellence of the program and the royal manner in which those attending were entertained left nothing to be desired. Surely the farmers of Lee county will be better farmers for what they saw and heard. One man

summed up the results of the instiute upon his mind as follows: "A onviction that alfalfa is a crop that he farmers of Lee county should be aising to a much greater extent than they are. A determination to try the rop himself next year. A conviction hat we have been robbing the soil oo long and a consequent determiner care of what is farmed. A deternination to compete for some of the rizes offered at the next institute.' any one of these results is worth while. If the young men especially vere led to believe more firmly in he farm as the ideal place for home naking and the exercise of their talints then the value of such an instiution cannot be measured.
